OUR PURPOSE and VISION

We, the members of Watermark Co-Operative Homes, are striving to develop an affordable community environment where harmony and caring reigns -- where all neighbours respect and help each other to establish a quiet, safe, and enjoyable home for everyone a family !

Our purpose and vision is to also ensure equal rights for all and confront any prejudices that can separate a community.

The value of one's efforts, work and accomplishments will always be valued at Watermark.

Children are of particular importance to us, as we wish to watch them play and grow in safety, with dignity and respect from all and for all.
